Abstract: CBP Form 26, *Report of Diversion*, is used to track vessels traveling coastwise from U.S. ports to other U.S. ports when a change occurs in scheduled itineraries. This form is initiated by the vessel owner or agent to notify and request approval by CBP for a vessel to divert while traveling coastwise from a U.S. port to another U.S. port, or a vessel traveling to a foreign port having to divert to a U.S. port when a change occurs in the vessel itinerary. CBP Form 26 collects information such as the name and nationality of the vessel, the expected port and date of arrival, and information about any related penalty cases, if applicable. This information collection is authorized by 46 U.S.C. 60105 and is provided for in 19 CFR 4.91. CBP Form 26 is accessible at: <https://www.cbp.gov/newsroom/publications/forms?title=26>

Proposed Change:

This form is anticipated to be submitted electronically as part of the maritime forms automation project through the Vessel Entrance and Clearance System (VECS), which will eliminate the need for any paper submission of any vessel entrance or clearance requirements under the above referenced statutes and regulations. VECS will still collect and maintain the same data but will automate the capture of data to reduce or eliminate redundancy with other data collected by CBP.
